Report on Review of Interim Financial Information

To The Members of Jharkhand Bijli Vitran Nigam Limited

Introduction

We have reviewed the accompanying Statement of Standalone unaudited Ind AS Financials of **Jharkhand Bijli Vitran Nigam Limited** ("the Company"), Regd. Office: Engineering Building, H.E.C, Dhurwa, Ranchi 834004 (CIN:U40108JH2013SGC001702) (PAN:AADCJ3148A) for the Quarter ended June 30, 2025 being submitted by the Company pursuant to the requirement of clause no 4.11 of guidelines issued under Revamped Distribution Sector Scheme (RDSS).

Management is responsible for the preparation and fair presentation of this interim financial information in accordance with recognition and measurement principles laid down in the Indian Accounting Standard, prescribed under Section 133 of the Companies Act, 2013 read with relevant rules issued there under and other accounting principles generally accepted in India. Our responsibility is to express a conclusion on this interim unaudited financial information based on our review.

Scope of Review

We conducted our review in accordance with Standard on Review Engagements (SRE) 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity". A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. We have not performed an audit and accordingly, we do not express an audit opinion.

Basis for Qualified Conclusion

1. Based on information provided to us by management, the company's financial information has been prepared on an accrual basis except in the following cases, where cash basis accountings have been adopted:

- Grant received from Government.
- Interest in recognition on mobilization advances.

- Supervision charges received from consumers.
 - In case of payments related to treasury, because of the inherent limitations and conditions, where JBVNL although being a beneficiary of these funds, does not enjoy full authority to operate such accounts, accrual accounting of payment out of treasury in some cases is not feasible.
2. Inter Unit transaction, i.e. transactions between the accounting units of the company, has a net debit balance of Rs. 39985.69 lakhs as on 30/06/2025. The confirmation for the inter unit balances has not been provided to us for verification. As advised by the management the company is in the process of reconciliation.
 3. (a) Share application money to the tune of Rs. 200.45 lakh received from State of Jharkhand represents unallotted portion of the residual value in the transfer scheme for Equity Allotment. However, Equity shares have not been allotted as on the date of the Report in contravention to the provision of section 42 of the Companies Act, 2013.

(b) The Company has not complied with statutory requirement of adoption of accounts in its AGM since FY 2023-24, filing of AOC-4 and MGT-7 since FY 2019-20.
 4. Non-compliance of Ind AS
 - We cannot comment on the correctness of application of Ind AS 116- Leases as appropriate documents have not been produced before us.
 - The Company has not applied the Ind AS 36 in respect of the impairment of assets for those assets which have been carried at more than the recoverable amount through use and sale of the assets.
 - The company has capitalized the borrowing cost on a proportionate basis. This is not in accordance with Ind-AS23 "Borrowing cost". Further, the company does not capitalize overheads and incidental expenses related to CWIP.
 - As per the policy of the management, the Company has valued the inventories at cost and not at 'cost or NRV, whichever is lower', which is in contravention with Ind AS2 "Inventories". Further, inventory ageing and obsolete items have not been assessed by the management and are being carried at same carrying amount in the Standalone Ind AS Financial Statements.
 - The company is providing for trade debtors at 1% in the incremental value, which is not consistent with Ind AS109-Financial Instrument, which requires the company to calculate Expected Credit loss. Disclosure required for sundry debtors as to aging, not made in the Financial Statement.
 - The Company has disclosed the Provision with respect to Employee Terminal Benefits and its plan assets on gross basis, which is not in compliance with Ind AS19 "Employee Benefits".
 5. The company has not accounted for accrued income on Fixed deposit in certain cases.
 6. Interest on consumer security deposit of Rs. 87.72 lakhs has been recognized on an average basis on the total amount received during the half year ended instead of actual date of receipts.

7. As informed, although the Company has started monitoring statutory compliances, however, non compliances in few cases were observed during the period of our review related to filing of TDS and other returns and payment of tax liabilities as also reported by earlier auditors.
8. We have observed that the reconciliation of accounts with generating and transmitting companies have not been made during the period under review, hence DPS arising out of such reconciliation, if any, have not been recognized as expenses.
9. We have not been provided with confirmations of balances from trade creditors, financial institutions and other parties in respect of Loans, Advances and Current Liabilities, balances outstanding under the head Secured/Unsecured Loans, Capital Advance, Keep Back, Earnest Money Deposit, Advance to O&M Supplier, Security Deposits, Loans and Advances (Assets & Liabilities), Other Receivables, Amount Owing from Licenses and Sundry Debtors, out of which many are outstanding since Jharkhand State Electricity Board Period which are subject to confirmation, reconciliation and consequential adjustment, if any. The effect of the adjustment arising from reconciliation and settlement of old dues and possible losses which may arise on account of non-recovery or partial recovery of such dues is not ascertained. Hence, we are unable to comment upon the impact thereof on the accounts for the period.
10. In para 2.3 (Subsidy to consumers by Government of Jharkhand), and in para 2.8 (AT&C Loss for the quarter ended 30th June 2025) of the Note to the Standalone Financial Statement, the amount ₹40416.63 Lakh has been wrongly mentioned instead ₹26884.69 Lakh.

Qualified Conclusion

Based on our review, with the exception of the matter described in the preceding paragraph, nothing has come to our attention that causes us to believe that the accompanying interim financial information does not give a true and fair view of the state of affairs of the entity as at 30th June 2025, and of its results of operations and its cash flows for the Quarter then ended in accordance with recognition and measurement principles laid down in the Indian Accounting Standard, prescribed under Section 133 of the Companies Act, 2013 read with relevant rules issued there under and other accounting principles generally accepted in India.

JBVNL is a state-owned public-sector company engaged in the business of electricity distribution. The company is involved in distribution of electricity to different categories of consumers like HT, LTIS, DS, NDS, IAS, etc. in the entire location of Jharkhand State. Presently, the system of power supply in State is governed through 7 electric supply areas, viz. Ranchi, Dhanbad, Jamshedpur, Hazaribagh, Giridih, Dumka and Medninagar.

B. Revamped Distribution Sector Scheme (RDSS)

'Revamped Distribution Sector Scheme: A Reforms-Based and Results-Linked Scheme' (RDSS) has been launched by Ministry of Power, Government of India via Office Memorandum F. No. 20/9/2019-IPDS on dated 20.07.2021 with objective of improving the quality and reliability of power supply to consumers through a financially sustainable and operationally efficient distribution Sector. The Scheme aims to reduce the AT&C losses to pan-India levels of 12-15% and ACS-ARR gap to zero by 2024-25.

In accordance with the scheme, Jharkhand Bijli Vitran Nigam Limited (JBVNL) has envisaged to implement the scheme in 24 districts under its electrical supply area.

I. Approval by State Cabinet, Govt. of Jharkhand and Sanction of RDSS Scheme by Ministry of Power, Govt. of India for JBVNL

State Cabinet, Govt. of Jharkhand vide resolution no. 570 dated 22.03.2022 gave administrative approval for RDSS Project and also approved to release State Govt. share in light of funding pattern of scheme and subsequently, MoP has sanctioned Financial Assistance for implementation of projects under RDSS vide sanction letter no 77703 dated 29.06.2022.

II. Floating of Tenders of Loss Reduction works (Excluding IT/OT - GIS Component) and Metering works (Consumer metering + DT metering +Feeder metering) and award of contracts

As per the approval from the BoD, JBVNL have already floated NITs for Loss reduction & Smart metering works under RDSS Scheme for the eligible vendors, in the month of April 2023.

At the quarter ended 30th June 2025, 100% of both loss Reduction works and (20 Nos. of packages) and Smart Metering Works (04 Nos. packages), have been awarded including appointment of Project Management Agency (PMA). The details of the same are mentioned below: -

- ii. In the process of reoperationalisation of SAP, the company performed various reconciliations and differences of earlier periods were restated in line with Ind AS 8 which impacted the balances of its stock, liabilities, Assets, Advance for Deposits, Depreciations, Keep Back Deposits, Retention, Security deposits etc. where opening balances corrected accordingly for period of the upto 31st March 2024 and F.Y. 2024-25, having an impact on retained earnings and previous year statement of profit and loss, as well.

2.2 True up petition of the Company till FY 2023-24

The Hon'ble Commission has passed Order on True-up for FY 2023-24, Annual Performance Review for FY 2024-25, and Aggregate Revenue Requirement & Tariff for FY 2025-26 for Jharkhand Bijli Vitran Nigam Limited (JBVNL) on 30th April 2025. While approving the true up for FY23-24, the Hon'ble Commission disallowed major cost elements of JBVNL, thus reducing the Aggregate Revenue Requirement to a large extent that had a severe negative impact on the overall finance of JBVNL.

A review petition has been filed in JSERC vide ED (C&R) letter no 177 dated 29/05/2025 to review these disallowances and other issues. JBVNL is hopeful that the Hon'ble Commission will take up these issues in right context and pass the judgement taking the interest of the JBVNL and the Consumers of Jharkhand at large.

2.3 Subsidy to consumers by Government of Jharkhand

The Government of Jharkhand (GoJ) provides subsidy to certain specified categories of consumers. Such subsidy is passed on to such consumers as a deduction in the energy bills towards net payable amount. The company accounts for such subsidy amount as Subsidy Receivable from (GoJ) Government of Jharkhand and the amount received as subsidy are adjusted against the same. During the quarter ended 30th June 2025, the company booked a total subsidy to consumers of ₹ 108307.24 Lakh and received ₹97031.00 Lakh from the GoJ during the same period. The company had received ₹40416.63 Lakh of subsidy amount in advance till the year ended 31st March 2025 of which ₹11276.24 were adjusted against the current period shortfall and the remaining amount received as at 31st March 2025 is shown as advance subsidy received of ₹15608.45 lakh. Refer Note 21: Other Current Liabilities. This does not include the subsidy receivable under MUKHY Yojna. Refer to Note 2.5 below.

2.2 As per the given criteria of segment reporting, the company has no reportable segments.

Information about Major Customers: The Company is not reliant on revenues from transactions with any single customer and does not receive 10% or more of its revenues from transaction with any single external customer.

2.4 The company received assessment order u/s 143(3) for the A.Y. 2018-19 after disallowance of expenses u/s 40(a)(ia), 40A(3) and u/s 36(1) of Rs 2286378/-, Rs 1432273/- and Rs 589081000/- respectively, resulting in reduction of loss for the relevant A.Y. in question and pursuant to order, penalty u/s 270A was imposed on the company for ₹ 1025.78 lakh. The demand has been subsequently adjusted with the refunds of the A.Y. 2021-22, A.Y. 2022-23 and demand letter of the balance amount of Rs. 23624081/- has been served to JBVNL. The company has disputed both the assessment order u/s 143(3) and levy of penalty u/s 270A and has filed appeal against such orders to Commissioner of Appeals, Income Tax. The hearing of the appeals is awaited.

2.5 Mukhyamantri Urja Khushali Yojna (MUKHY Yojna)

The State Cabinet, Govt. of Jharkhand vide resolution no. 1260 dated 03.07.2024, accorded approval to increase monthly free electricity to Domestic Consumers from 125 units to 200 units of consumption. Subsequently, it was observed that despite such free electricity, billing is still done on such consumers in the form of DPS on the past arrears. Considering the low paying capacity of such consumers and also to offload the burden of dues mainly on account of DPS after announcement and implementation of free electricity up to 200 units, a proposal was made to waive the dues of such consumers. Accordingly, the State Cabinet, Govt. of Jharkhand vide resolution no. 1634 dated 30.08.2024, accorded approval to waive the dues/arrears till the month of August 2024 to the tune of approximately ₹ 3620.09 Cr. for DS-Rural and DS-Urban consumers having consumption up to 200 units. It was also approved that the State

8
Kishor B

government will provide this sum to the company in the form of subsidy in two equal tranches in two Financial Years starting from the F.Y. 2024-25. This scheme of waiver has been named as “Mukhyamantri Urja Khushali Yojna”(MUKHY).

In line with the scheme, a total adjustment of ₹ 3580.33 Cr has been made till 31st March 2025 to such domestic consumers reducing the amount from the Sundry Debtors. As against this amount, the company received ₹1810.00 Cr. during the year ended 31st March 2025 and ₹905.09 Cr. during the quarter ended 30th June 2025. The balance of ₹865.24 Cr. is receivable in the subsequent part of the current year which has been presented as Subsidy Receivable under MUKHY Yojna under Note-11: Other current assets.

2.6 Security Deposit Adjustment for Prepaid Meters

During the quarter ended 30th June 2025, the company made adjustment to the consumer ledger by transferring the Security Deposit amount against the installation of prepaid meters after adjustment of arrears on that date. Such amount has resulted in reduction of both Security Deposit liability as well as arrears of such consumers. The unadjusted amount as on 30th June 2025 remained as customer advance. This has happened in two locations namely, ESC Ranchi and ESC Dhanbad. The details of such adjustments is provided in the table below:

Amount in ₹ lakh		
Unit	No. of consumers	Amount of adjustment
ESC Ranchi	7020	343.00
ESC Dhanbad	5513	195.70
Total	12533	538.70

The unadjusted balanced including subsequent top up in prepaid account as advance from the customer as at 30th June 2025 is ₹3297.65 lakh. Refer Note 20: Others Financial Liabilities.

2.7 Other Disclosures

- i. The company does not have any premises on leases requiring compliance with Ind AS 116.
- ii. The inventories of the company are kept for the purpose of self-consumption i.e. for capital works or repair work in ordinary course of business and are not meant for re-sale. These inventories are held in stores to support the distribution and supply of electricity. The inventories are valued at cost. Further, the cost of inventories comprises all costs of purchase, costs of conversion and other costs incurred in bringing the inventories to their present location and condition. The valuation of inventory at cost is in accordance with the principals laid out in IND-AS 2. The practice of valuing the inventories at the lower of cost and net realizable value is consistent with the view that assets should not be carried in excess of amounts expected to be realized from their sale or use.

This disclosure is mainly to clarify that inventories mainly include Distribution transformers (DTRs), cables, lines, poles, spares, meters, metering equipment etc., the specific nature and limited purpose and use is aligning with the specific requirement of JBVNL to support the distribution and supply of electricity and are not commonly saleable. Accordingly, the management estimates that the inventory is shown closest to the realisable value which is the cost.

- iii. During the quarter ended 30th June 2025, interest amounting to ₹3,883.66 lakh has been booked on consumer security deposits. Out of this, interest of ₹87.72 lakh pertains to the current period and has been computed and accounted for on an average balance basis.

L	Units Unrealised (KWH) ³	D-K	-
M	AT & C Loss (%) ^{1&3}	L/D	-

Note:

- During the quarter ended 30th June 2025, the company booked a total subsidy to consumers of ₹ 108307.24 Lakh and received ₹97031.00 Lakh from the GoJ during the same period. The company had received ₹40416.63 Lakh of subsidy amount in advance till the year ended 31st March 2025 of which ₹11276.24 were adjusted against the current period shortfall and the remaining amount received as at 31st March 2025 is shown as advance subsidy received of ₹15608.45 lakh. Refer Note 21: Other Current Liabilities. This does not include the subsidy receivable under MUKHY Yojna. Considering the prudence, the company has restricted adjustment of subsidy received upto 100% upto the quarter to reflect proper picture. If the actual received amount is considered, collection efficiency will drastically increase resulting in abnormal reduction in AT&C loss.
- As per Annexure-A of the revised methodology for computing AT&C Losses published by CEA vide letter no. CEA-GO-13-25/1/2023-DPR Division/73 dated 30.06.2023, Opening Debtor and Closing Debtors against Sale of Energy is to be considered. Accordingly, the debtors considered above calculated towards energy dues which is different from the book debt which includes debt of Energy, DPS, Electricity duty etc.
- During the previous year, arrears of ₹358033.26 lakh of Domestic consumers were adjusted against the subsidy under MUKHY Yojna. Accordingly, the trade receivable was written off and reduced by the same amount. The payment from GoJ towards this subsidy received during the previous year was ₹181000.00 which was given effect in calculating the AT&C on receipt basis by writing off Trade Receivable to the same extent. During the quarter ended 30th June 2025, the company received another tranche of ₹905.09 Cr. Similar to the previous year, the company has shown the same amount of receipt as write off on prudent basis on account of which the closing arrear has reduced affecting the collection efficiency. This has resulted in high collection efficiency and hence negative unit realised and AT&C loss during the quarter ended 30th June 2025. Since the figures cannot be negative, we have reported it as nil for the quarter ended.

2.9 In view of low probability that future taxable profit will be available, against which temporary difference can be utilised, no deferred tax assets have been recognised by the company on unused tax losses. In view of the loss during the period, no provision for current tax has been made in the books of accounts during the quarter ended 30th June 2025.

2.10 The figures of previous years have been regrouped or reclassified, wherever it was felt necessary for the True and Fair presentation of Standalone Financial Statement.
